Handy
Fixed Arm Support

by Kondator

Comfortable & relaxing

Handy is a fixed-position arm support. It is stable, with an ergonomic design which effectively relaxes the lower arm. The wrist is held comfortably, and untensed. Produced in natural materials and soft-filled, for added comfort. Covered in anti-static treated fabric. Fits all desktops. Quick and easy assembly, no desktop alteration required.

Handy DUO Combi Arm Support (part no 459-3015) arm support for keyboard and mouse. Width and length are adjustable for curved desktops. A soft, relaxing support, made with comfortable lycra. Color: Black. Dimensions: 680-820 mm wide by 240 mm long.

Arm Support Mouse, also available in wine red. Part no 459-2024.

Handy Base arm support (part no 459-4022) is specially designed for work at keyboards so the arms are centered toward the body. Combines with Handy Mouse arm support (part no 459-4024) which is very comfortable, and a great arm support while working the computer mouse.

Handy Combi arm support
(Part no 459-4020) for use with both keyboard and mouse. Also fits concave shaped desktops, and may be positioned diagonally at 90 degrees corners. Also available in black art leather (part no 459-3020)

The shape of **Handy asymmetric** (part no 459-5015) positions you at a naturally central point in front of the keyboard. Practical, extra large support area for the hand is particularly important for frequent keyboard and mouse usage.
